To Wisconsin Energy Savers:

So far I'm amazed at how well the KVAR unit has worked to reduce our consumption of electricity. We saw a 19% reduction on our first electricity bill after the unit was installed.

I have to admit I had my doubts when we were first approached with this device. We had the benefit of our Operations Manager's son being an Electrician. We had him review the specs for this device and he agreed that it looked legitimate. So far our results have shown this.

I would be happy to discuss this with anyone. Call me on my cell phone (715-571-2939) or office number (715-359-8252).

Sincerely,

Mike Fischer
General Manager
